Typically used on Forktrucks ranging from 2-10 ton in capacity, these extensions are the ideal solution when handling long & awkward loads which tend to be found in more heavy-duty applications, where additional strength is required to support the load weight.

*Other sizes are available on request

What we need to know for a quotation:

- Parent fork width, length and thickness
- Length, weight of load

Approximate lead time: 2-3 days. If for any reason this product is currently out of stock one of our team will give you a call to discuss expected lead times.
