

LOW LEVEL SKIP (ILUS-1)

PRICE: £1,206.00

Brand: KRIDAN ATTACHMENT

The skip can be easily positioned at the end of a conveyor, dross shoot or manufacturing line to collect bi-products that are below waist level. The skip is supplied as manual operation as standard, but automatic tipping at high level can be achieved by ordering the conversion kit allowing the forklift / tele handler driver to empty the skip without leaving the safety of his seat.

Approximate lead time: Approx 2-3 days

ALL OF OUR TIPPING SKIPS ARE MANUFACTURED ON SITE BY OUR TEAM OF ENGINEERS, USING THE HIGHEST QUALITY MATERIALS

Our entire range is CE-marked and provided with the latest health and safety test certification. Once ordered, forklift skips are available within just three days.

CHOOSE BETWEEN OUR:

- **Automatic bottom empty skip** – automatically empty light to medium waste in high-sided yard skips without leaving your seat.
- **Low level skip** – can be easily positioned at the end of a conveyor, dross shoot or manufacturing line to collect bi-products below waist level. Manual/automatic options available.
- **Combi skip** – the unique four-way entry base simplifies the holding, moving and disposal of materials in confined areas. Manual/automatic options available.
- **Bespoke tipping skip** – need something to meet your specific waste handling requirements? We can design and manufacture it for you, simply get in touch to discuss what you need.
- **Auto lock tipping skip** – automatically locks to the forks. Operator stays inside the cab, reducing risk and increasing efficiency during the emptying process.
